## AMERICA TO RESUME TRADE WITH RUSSIA

Allies to Outline Definite Policy and Countries to Take Up Business Relations

WASHINGTON, March 8.—Virtual decision has been reported by the American government, it is said, to permit resumption of trade relations with Soviet Russia as soon as the allied governments have outlined a definite policy.

The first step by the allies toward leading commercially with Russia, since the decision on January 17 to permit trade with the Russian co-operative societies, was the announcement last week of the appointment of a commission to be sent there to study the situation and report to the league of nations council. Whether the United States will act upon the invitation of the allies to send a representative as yet uncertain, but in any event it is believed this government will act as soon as the commission has returned and reported, probably early in the spring.

Action by this government, it is said will be limited merely to an official statement of approval of trade with individuals by American of the firms and it will not involve either recognition of the soviet government or approval of trade directly with the soviet administration.

In some quarters it is expected that the government doubts very seriously the successful consummation of schemes for the exploitation of Russia and in dependency of the soviet government and that sanction of trade with individuals in Russia will be extended more as an experiment than through any confidence that such a privilege in practice may prove feasible.

Recent reports indicated that Italy and Great Britain favored plans for trade with Russia, but that France had accepted "with reservations." The Italian premier, Nitti, has expressed himself in favor of the resumption of normal relations with Russia and officials believe this points the way to a definite agreement.

MRS. ALICE McCUSKEY, prominent Lewiston woman, who says she wishes she could have gotten Tanlac twenty years ago, as it would have saved her lots of suffering. Declares she is now well and happy and that she wants everybody to know about it.

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac." was the remarkable statement made recently by Mrs. Alice McCuskey, residing at No. 66 Park street, Lewiston, Me., a well known and most highly respected woman of that city.

"I just feel like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money."

"My principal trouble was indigestion, and for many years I could not eat meat or pastries for I would always suffer afterward. I would most always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my household work and was hardly able to get around at all."

You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition. Why, it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my household work without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co.—Advertisement.

## French Refuse to Honor German National Hymn

BERLIN, March 8.—(By The Associated Press)—The fashionable Adlon Hotel dining room was the scene of a rough and tumble fight last night between Prince Joachim, Albrecht of Prussia, a cousin of the former German emperor, and his guests, and Captain Klein and Rouzbein and Madam Klein, members of the French mission. The hostilities were due to the French people refusing to stand while the orchestra was playing "Deutschland Uber Alles."

Joachim and his friends hurled candles, crockery and other things at the French party, and Captain Rouzbein was beaten and had his clothes torn. Captain Klein was escorted out of the dining room by waiters, who defended him.

## AMERICAN LEGION TO AID EDUCATION DRIVE

Posts Throughout Country to  
Co-operate in Stamping Out  
Illiteracy

NEW YORK, March 8.—Cooperation of American Legion posts throughout the country with every effort to stamp out illiteracy was advocated by the Legion's national Americanism commission in report to the national executive committee made public here.

Arthur Woods, former police commissioner of New York, commission chairman, stated it had decided to confine itself to definition of "general principles" and to leave the application of these principles to individual posts.

"All posts should make it plain to the community that they are not assuming any monopoly of patriotism, but that they wish to work vigorously and effectively for all that is best in America and that they are eager to join forces with all others who have the same aim," said the report.

Should Aid Schools.

"The American Legion should encourage support and help the schools in teaching the children the origin and development of American institutions and the opportunities of American life. The Legion should assist schools by offering to provide qualified speakers from time to time to every school in the nation to preach Americanism especially on our great patriotic days."

Every inhabitant of the country should be taught to speak and read the American language, the report urged adding:

Would Teach Foreigners.

"Wherever there are foreigners, whether they are just landing on the dock or are established in the community, members of the Legion should befriend them and endeavor to help them along on the road toward good American citizenship."

Members of the Legion are called upon, "to keep the law, to influence others to do so and in every lawful way to assist officials charged with the enforcement of law and order."

HARLEM, Mont., March 7.—Taxpayers of Blaine county will not be "pestered" by the county assessor or his deputy this year, but instead will be asked to fill out the form which will be sent by County Assessor Christensen, who has put them on their honor. Man Who Fails to Pay Should  
Have Heavy Penalty Act  
Enforced Against Him

W. D. Livingston, an attorney of Salt Lake, visited Ogden yesterday and spoke at the Second ward last night under the auspices of the mutuals as a representative of the No Tobacco league. Mrs. Harry Bagley presided over the meeting.

The speaker said: "We are all addicted to the herd spirit. We are all clamor for the things that are popular. We are trying to bring about a reformation in our dances because many of our girls are subjected to indignities in the jazz dances. They don't like it. They resist it, but they feel they must fall into the herd spirit. The No Tobacco league intends to work up a sentiment or 'herd spirit' that will cause our young men who are addicted to the habit of smoking understand they cannot pay attention to our daughters. We intend to make those young men so ashamed of themselves that they will either quit the habit or leave the community."
